Contributors to the endowment this week include Dr. John and Cathy Hart, Bangor; Charles and Christine Stedman, Ottawa; T. P. Wall, Nashville, Tenn., bringing the total to 236 so far for 1983. A special meeting of the Oxford County League of Historical Societies will be held Saturday, Oct. 29 in the meeting room of the Dr. Moses Mason House. Members from many Oxford County Historical societies will gather to hear Earle G. Sheldsworth Jr., Director, Maine Historic Preservation Commission, speak on "Maine's Historic Houses in Crisis: New Strategies for Survival". This will be a slide presentation and provide some background for approving the upcoming referendum which includes money for historic preservation. The meeting will begin at 2 p.m. and is open to any one interested.

FIRST SOCCER PLAYOFF WON BY TELSTAR REBELS

For the second time in the five year history of soccer at Telstar Regional High School, the Rebels entered playoff action rated underdogs. But this time the outcome was different. On Oct. 22 the Rebels traveled to Salem to take on fourth ranked Mt. Abram in quarter-final action for the Western Maine Class C soccer playoffs and came away with a 2-1 victory. The first playoff action for Telstar occurred in 1981 when the Rebels were defeated 1-0 by Sacopec Valley in an overtime quarter-final game.

Scoring began at 14:15 of the second period as Bob Myers headed a long throw-in by Brian Whitman over the Mt. Abram goalie and into the net. Mt. Abram's Don Spinnery tied the score just 3:22 into the third quarter on a penalty kick.

The Rebels began to dominate play more and more as the game went on, firing 21 shots at the Roadrunner net while Mt. Abram came back with just 10 of their own. Telstar defenders Bernie Haines, Ken Whitney, Pat McKinney, and Jon Head refused to let the Roadrunners have any good

Directors' Meeting

The Board of Directors of S.A.D. 44 met in regular session at Andover Elementary School on Monday evening of this week.

Board members Sylvia Cross and Harry Swan, Greenwood; Darlene Hall and Desda Fogg, Andover and Eva Twitchell, chairman, of Woodstock, reported on their impressions of the Fall Conference of Maine School Management. They together with Superintendent Dewaine B. Craig, attended the conference held in Augusta on Oct. 20-21.

The Directors were informed that there were no hinders with regard to plowing snow at Telstar Regional High School, Woodstock Elementary School, the S.A.D. 44 Bus Garage. The Superintendent was asked to contact those who had done the work in past years and see if any interest would be indicated in continuing.

Following executive sessions (two) totalling 95 minutes for the discussion of a student discipline matter, the Board took action, as follows: Found a 17-year-old Telstar student guilty of being under the influence of alcohol while on school grounds and of assault on a teacher; and expelled said student from Telstar Regional High School for being deliberately disobedient and for the infraction of violence. That the student be readmitted to school upon satisfactory evidence that the behavior which caused the expulsion will not likely recur. (The vote of the Board by roll call, was unanimous with three members being absent—Blake, Bethel; Wheeler, Newry, and Hillquist, Woodstock.) continued on Page Five

opportunities to score. Rebel midfielders Darren Tripp, Chuck Haines, Shawn Smith, and Bruce Barth continued to chip the ball into the Mt. Abram penalty area providing several threats to score. Finally, with just 1:15 left in the game, Bruce Barth chipped the ball into the penalty area and Brian Whitman headed it into the net.

The victory sent the Rebels into semi-final play-off action at George Valley of Thomaston on Wednesday, Oct. 26. Georges Valley emerged as 3-1 victors.

Nov. 1 Special Town Meeting

Next Tuesday, Nov. 1, Bethel voters will be asked in a Special Town Meeting to change the Town's accounting year to July 1 to June 30 and convert to semi-annual tax billings. The Special Town Meeting will commence at 7 p.m. in the Lecture Hall at Telstar Regional High School.

The primary reasons for seeking these changes are: (1) to reduce the need for interim borrowing in anticipation of taxes each year; (2) improve cash flow; (3) to align the delivery of local services with those of the School District and State Government; and (4) add convenience to taxpayers through smaller, semi-annual tax bills and a tax club. For example, neighboring towns of Rumford, Hanover, Buckfield, Raymond, and Harrison that have converted to a July to June municipal accounting year have reported an average 75% reduction in tax anticipation borrowing. For Bethel, where \$300,000 has been borrowed in January for each of the past several years, borrowing could be reduced by about \$225,000 to \$75,000. Similarly, the cost of borrowing from continued on Page Ten

MRS. FARRAR WINS AUSTRALIAN BOOK AWARD

A Bethel author, Mrs. Susan Farrar, has received word that she has won the West Australian Young Readers' Book Award (Primary) for 1983 for her book, "Samantha on Stage". Voting for this award is done by the young readers themselves and is sponsored by the Library Association of Australia. Presentation ceremonies will be held in Perth on Tuesday evening, Nov. 15, following which a trophy, crafted by a local artist, Jattah, in the form of a book, will be mailed.

Mrs. Farrar received a phone call of congratulations from Australia early Tuesday morning. She will be unable to attend the award ceremony and would like to hear of anyone who has a friend in Perth who could accept the award in her behalf.

TELSTAR DROPS SEMI-FINAL FIELD HOCKEY CONTEST TO SACOPEE VALLEY

Number one rated Telstar fell to the quick stick work of Sacopec Valley in Saturday's Western Maine class C field hockey semi-finals. This marked the third season the Hawks have ended for the Rebels in the last four years. The Hawks didn't waste any time scoring at the 39 second mark into the first half. The deflection score came off Cindy Beck's stick. The Rebels fought back but couldn't connect, and the Hawks put an insurance goal in at the 18:46 mark by Louann Stacey.

The Rebels outshot the Hawks 17 to 8 but to no avail. Sacopec's goalie, Kelly Mills, has seven saves. Sacopec's three corners and Telstar's 14 were all scoreless.

Outstanding defensive players for Telstar were Theresa Wilbur and Dale Robbins.

The Rebels finished with a 10-4-2 record in class C play and 13-6-2 in total play, Maine and New Hampshire.

All team members would like to extend their thanks to the local supporters including the faculty, band, community (great job Dr. Hudson), and entire student body. The season was definitely a memorable one!

WORK SESSION SATURDAY AT GREENWOOD REC. FIELD

There will be a work session at the Greenwood Recreation Field on Saturday, Oct. 29, from 1 to 4 in the afternoon. Two projects with high priority are the fencing of the play area and placing the roof back on a dugout on the little field. Since the latter project requires much manpower anyone and everyone with an interest in promoting activities for the youth in the community is urged to come and help.

ELEMENTARY CHILDREN TO HAVE PARADE OCT. 28

Look out for ghosts, goblins, and things that go bump in the night! On Friday, Oct. 28, (weather permitting) Bethel's elementary school children will be parading in their Halloween best—or should that be "worst"—for the town-folk to see. They would love to frighten as many onlookers as possible, so hopefully there will be a large turnout to watch the parade. The route they will follow will be approximately as outlined: 12:30 p.m.—Ethel Bisbee Elementary students will take a secret pathway to Crescent Park School, where all students will combine into one parade, and proceed down Mason St. to Broad St., down Main St. (about 1:00) to Casco Bank, back to the schools using Philbrook St.

What better way can you think of than to spend a little time looking at the "wildlife" during Maine's "haunting season"?!?

FIRST GRADERS VISIT FIRE STATION — In observance of Fire Prevention Week, students at the Bethel Bible School got a close look at a Bethel fire truck. On Tuesday, Oct. 18, a representative

MISSIONS TOOLS PART OF FIRST BAPTIST CHRISTIAN SCHOOL PROGRAM

As part of the on-going church emphasis on missions, First Baptist Christian School, Mexico, recently hosted two missionaries. Miss Mary Baker from Lima, Peru, South America, spoke first to the students about the Peruvian Indians, their various modes of dress (illustrated by costumed dolls) and the versatile llama. Miss Baker had a replica of the llama to the students' touch. Explaining to the students the women wear hats with black bands as a perpetual mourning symbol, Miss Baker told how their leader was murdered by the early Spaniards in their greed for silver and gold.

of the Bethel Fire Department went to the school and talked to Kindergarten pupils. First graders visited the Fire Station and several are shown listening to Robert Davis, Bethel's Fire Chief.

LETTERS TO THE EDITOR — PAGE SIX —

FROM THE Maine State Senate

R. Donald Twitchell
State Senate District 5

At this time, I would like to discuss the pending State referendum questions which will appear on your ballot on Tuesday, Nov. 8. There will be eight referendum questions. Below is a description of each question, and a discussion of both sides of the issue. Please give me a call if you have additional questions on any of the issues.

Question #1: "Shall Maine Repeal the Hunting Season on Moose?"

Proponents say: Moose hunt is not sport; Moose herd does not require regulation; there is no evidence of over-population; hunt is arbitrary management and does not remove only old and sick; Moose is representative of Maine and should be protected.

Opponents say: Moose hunt is sport; hunters' rights should be protected; Department of Inland Fisheries and Wildlife depends heavily on revenues generated from the hunt; Moose herd should be regulated in order to avoid over-population; Moose hunt is good for tourism.

Question #2: "Shall a bond issue in the amount of \$720,000 to provide funds required to meet the capital needs to provide for physical access to county courthouses for the handicapped?"

Proponents say: The handicapped should be afforded equal rights; exclusion of individuals from judicial procedures is unconstitutional.

Opponents say: Maine needs no more bond debts; access is available and handicapped can make arrangements to use Courts without costly renovations.

Question #3: "Shall a bond issue be ratified in the amount of \$24,600,000 for bridge and highway improvements?"

Proponents say: Maine's highways are most important priority in this state; all transportation of goods and services depends on quality roads; federal dollars only available if Maine can generate new matching monies.

Opponents say: Maine should take on no additional bond debts; monies should come from gasoline tax or other existing revenues.

Question #4: "Shall a bond issue be authorized in the amount of \$21,094,000 to provide for various state facilities' projects and to provide for municipal facility improvements including: Necessary capital improvements at corrections' facilities; stabilization restoration of the state's most unique historic structures which are in public or nonprofit ownerships, such as forts, mansions, theaters, ships and lighthouses; a broad range of projects for improving, constructing, renovating, equipping and furnishing state departments' physical plant facilities, ranging from New District Courts for the Bath-Brunswick and Skowhegan areas to the repair of roofs, masonry and boilers on a state-wide priority basis; hazardous waste clean up; water pollution control projects; and establishment of a public facilities grants program to assist municipalities in meeting their capital needs?"

Proponents say: The programs included are necessary; repairs on buildings and other structures are needed now before replacement costs rise; monies are needed for hazardous waste clean-up and air

pollution control; Court overloads are excessive and new courts are needed.

Opponents say: Maine needs no more bond debts; State involvement in these projects is unnecessary; money should be generated from other existing accounts.

Question #5: "Shall a bond issue be authorized in the amount of \$11,875,000 to provide state funds which, together with available matching funds from federal and other sources, will be utilized for capital improvement projects directed toward enhancing economic development and related support systems throughout the State and will encompass: \$1,000,000 for upgrading facilities at 33 airports; port and marine transportation facilities' development as follows: Eastport area (\$1,000,000), Searsport (\$4,500,000) and Portland (\$4,000,000); and improvements to the state's island ferry service, including a new vessel (\$975,000) to serve Penobscot Bay and \$100,000 for replacement of crew quarters at Vinalhaven and Islesboro?"

Proponents say: Economic development is key to Maine's economy; jobs will be created; improved facilities will bring new businesses to Maine; repairs and renovations are needed at state facilities.

Opponents say: The state does not need additional bond debts; private industry can accomplish development projects without state help.

Question #6: "Shall the Constitution of Maine be amended to allow the State to create a property tax exemption for watercraft without being required to reimburse municipalities for 50% of the property tax revenue?"

Proponents say: Past watercraft taxes unfair; state tax more easily regulated; undue hardship on state funds to require 50% reimbursement for local losses; other municipal revenue increases will make up the difference.

Opponents say: Unnecessary financial burden on towns who will lose revenues; tax should be locally administered.

Question #7: "Shall the Constitution of Maine be amended to require two-thirds vote of the elected members of the Legislature to expend any principal amount of the Mining Excise Trust Fund or any successor funds?"

Proponents say: Necessary safeguard for careful management.

Opponents say: Unnecessary exercise of legislative oversight.

Question #8: "Shall the Constitution of Maine be amended to change the municipal property tax loss reimbursement provisions and to change the penalty payable upon the change of use of land containing minerals which is being valued at current use?"

Proponents say: This will encourage mining and increase economic development of resources; loss to municipalities will be negligible.

Opponents say: Municipalities should benefit more fully from local mining operations; localities cannot afford to lose tax revenues. These eight issues will be put to vote on Tuesday, Nov. 8. I hope that you will all go to the polls and choose the bonds and constitutional changes which you feel are most fair.

As I have mentioned earlier, please give me a call if you have any questions about any of the issues. I can be reached at the State House at 289-3386 or at home at 743-2419.

Letters to the Editor

To the Editor:

I would like to let your readers know why I am working to elect Jeff Mills as State Representative from our area in the Special Election on Nov. 8.

Jeff and I were classmates at Telstar, and I know that Jeff is completely sincere. He likes people and is genuinely concerned for them, and wants to serve each individual. Jeff is an energetic hard-working person. The type of effort he is putting into this race is typical. His campaign promises are not empty political words, but commitments from the heart—to be met. He plans to help meet the concerns of those in District 63 by attending as many town meetings as possible, holding office hours in each town, and periodically sending out news letters about upcoming events and issues in the legislature. I know he will work hard to help us in August.

Above all, Jeff is a friend with an unusual ability to inspire those who know him. The Telstar community and the students at the University of Maine felt this, and I hope, by joining me in voting for Jeff on Nov. 8, that you will allow him to put his energy to work for us.

Sincerely,

Rhonda Cummings Buker

Dear Friends:

During the past few weeks I have been visiting with you, the people of District 63 and pledge to continue to do so.

What I hear from you is that you feel there is too much growth in state government and expanding taxes to pay for that growth. My voting will be critical of those costly expansions in state government.

You have expressed concern about protecting the investment we have in our roads. I will work to see that communities in this district receive their fair share of highway funding.

I have concern for issues concerning senior citizens and feel these also should be a priority. Another concern voiced by people living in rural areas is the lack of and availability of law enforcement.

I want you to know that as a taxpayer and wage earner, I share all your concerns and as a full time representative will work for you, and keep you informed of current issues.

Sincerely,

Barbara D. Brown

To the Editor:

Jeff Mills, who is running for election as State Representative from District 63, is my choice on Nov. 8.

Jeff is a fine person, who cares about people and has a great deal of energy and experience to bring to the job of representing all of us in the legislature.

Jeff has the ability to listen; to keep an open mind; and to weigh all sides of an issue before making a decision. He will actively seek out our concerns and opinions and has pledged to keep in touch through newsletters, articles and office hours, as our Representative.

I know that the job of State Representative is an extremely demanding one, and that we will be well served by Jeff Mills who is

To the Editor:

The Woodstock Town Republican Committee highly endorse Barbara D. Brown as their State Representative for District 63 in the Nov. 8 election. We believe Mrs. Brown has the strongest qualifications for leadership and service for the duties of said office. She has served as a strong and loyal leader in all town, county and state affairs, not only in high political walks of life, but to the needy as well. She is presently serving as Republican State Committee Woman of Oxford County, so is more than familiar with government and the science of affairs at Augusta. We truly ask the voters of the district to support Mrs. Brown in the elections as she has truthfully worked for all Republican candidates in the past, and has always been of one party, but has the belief to believe as others—if it was to prove beneficial to all. We do know that Senator William Cohen does stand behind our endorsement.

FROM THE FILES OF WOODSTOCK HISTORICAL SOC.

The following information comes from Woodstock Historical Society files on the town of Plymouth, the site of the first Thanksgiving. It was originally from an old book in Whittman Memorial Library entitled "Historic Towns of New England, 1898. It gives a flavor of Plymouth in those days.

"Crossing Main Street, once the King's highway, we find ourselves in Town Square, under the shade of beautiful old elm-trees, planted more than a hundred years ago. To the north was William Bradford's homestead. Here came all those who sought advice and help in their sore need, and here in 1630 were begun those 'scribbled writings' which 'peered up at times of leisure afterward,' are now

To The Editor,

I am writing in support of Barbara D. Brown's election to the Maine House. Barbara has been a life-long resident of Oxford County and knows the area well. In fact she knows most of the residents of District 63 personally through long experience in politics, community service and her job. Barbara cares about people and their problems. She will be very effective in helping citizens with their concerns and she will be conscientious in studying the issues to be an important voice in Augusta for District 63.

I hope voters will join me in supporting her on November 8.

Sincerely yours,

Dana C. Douglass Jr.

To the Editor:

The Bethel Democratic Town Committee would like to remind voters in District 63 of the Special Election on Tuesday, Nov. 8. We are proud of Jeff Mills, the Democratic candidate for State Representative from our District, and we hope that Democrats, independents, and those of the opposing party will join together and elect Jeff to serve all of us.

The Democratic committees of area towns will be happy to provide absentee ballots and rides to the polls. Anyone in need of either service, may call 824-2365, 824-2089, or 665-2333 for details. Please take the time to vote on Election Day, and support Jeff Mills for State Representative.

printed in letters of gold in many a faithful memory! Here, perhaps, or in the vicinity of the Common House, was concluded their first treaty with a foreign power for mutual aid and protection, when the noble chief Massasoit, with his sixty Indian braves, was led thither by Samoset, the friendly sachem, whose English greeting had surprised the anxious colonists. Through Samoset they learned that some four years before a pest had devastated that region, called by them Patuxet. With him came Tisquantum, who became a valued friend and interpreter, teaching them to plant their corn when the oak-leaves were the size of a mouse's ear, and to place three herring in each hill with the seed-corn, which novel practice awakened serious doubts in English minds.

"In the autumn of 1621, this was the scene of the first Thanksgiving held in New England, when, their houses built, their crops gathered from some 30 fertile acres, their furs and lumber safely stored, they made merry for three days, with Massasoit and ninety Indians as guests. Even with fish, wild-fowl and deer in plenty, the good housewives must have spent a lively week of preparation for such a feast."

The latest acquisition of the Museum is a canteen, very old, from Don Bennett of Locke Mills. And the Society also wishes to note the passing of Jack Auchmoody, a highly valued member, who at one time served as a member of its Research Committee. He will be greatly missed.

The family of Elizabeth Wheeler wish to express our sincere thanks for all kindnesses and courtesies extended to us in our recent loss.

NEWS FROM POOH CORNER

A special thank you to Ruth Grover and her Dad! They made it possible for each child to have a pumpkin to decorate for Halloween. They made happy faces, and faces, and scary faces. Some pumpkin faces had witch hats and some had clown hats.

Martha Grover brought two special Halloween stories to share. Everyone enjoyed hearing the stories and looking at the scary pictures.

The children have made Ghost puppets, Ghost puppets, jack-o-lanterns, howling cats and black witches. This week they played ring toss and bounce the soccer ball, and learned a new song about a Lonely Ghost. During individualized time the children have named colors, identified numbers and letter sounds.

The busy cooks made cheesy wheats, peanut butter balls and yummy muffins.

Now you can teach your old phone some new tricks.

When the Bell System breaks up on January 1, 1984, a whole new range of possibilities will open up.

That makes it a perfect time for you to re-evaluate your phone service. Because the same old service you've always had isn't necessarily the best for you now.

Choosing a different local calling plan could save you money. Buying phones may be more economical in the long run. And you may be able to save with the new long-distance options, too.

There are a lot of new tricks you can teach your old phone. We'll be sending you more information in upcoming bill inserts, but here's a brief rundown of some of your options now.

Local service

New England Telephone will still be your phone company for local service. But that doesn't mean your local calling plan has to be the same as everyone else's.

If you make a lot of local calls, your best bet is probably Unlimited Service, where a flat monthly fee buys you unlimited calls within your local exchange area.

However, if you don't make many local calls, Measured Service could save you money. We offer different Measured Service plans in different areas, but they all give

you the same benefit: the less you call, the less you pay.

Toll calls within your own area code

New England Telephone will still provide you with this service. And give you options to help you cut your calling costs.

We offer options for people who make a lot of toll calls to the same few nearby towns. Choices for people who call a wide variety of toll exchanges. Even plans that let you make two or more hours of toll calls all around your own area code. Different options for different needs. All designed to help you save.

Long-distance calls outside your area code

After the break-up, New England Telephone will continue to give you access to long-distance service. So you can still make and receive long-distance calls. Your present long-distance service will continue after January 1. Or you can choose a new long-distance company if you wish. Just check your Yellow Pages for a complete listing, compare rates and services, and make your choice.

Equipment

When it comes to choosing telephones, you have more choices than ever!

If you prefer to lease your phones, simply keep the ones we've provided. After January 1 you'll automatically be leasing them from AT&T.

Want to buy the phone you now have? Contact your New England Telephone business office and they'll tell you how.

What if you'd rather buy your telephone equipment elsewhere? Just check your Yellow Pages for a list of telephone retailers.

To change—or not to change?

The choice is yours. You don't have to make any changes if you don't want to—and you'll barely notice the break-up after January 1.

But now that you have so many different options to help you control your calling costs, it could benefit you to re-think your phone service. Because teaching old phones new tricks could mean your phone bill will take a smaller bite out of your budget.

If you have questions about the changes outlined here, call our special toll-free "Let's Talk" number. It's 1 800 555-5000. Monday through Friday from 8:30 a.m. to 5:00 p.m. Or watch for more detailed information in your bill inserts.

FUEL ASSISTANCE PROGRAM
BEGINS NOV. 1

On Nov. 1 the Oxford County Community Services launches the 1984 Fuel Assistance Program to assist low income families throughout the county. Priority is given Nov. 1-18 to applications from families with elderly (60 and over) and handicapped persons.

The Home Energy Assistance Program (HEAP) will only partially help families meet the cost of home heating. While the average benefit payment on behalf of eligible families was \$435 last year, less funds are available for 1984 and lower benefit payments should be anticipated.

Payments are made directly to suppliers of fuel oil, kerosene, electricity, wood, coal and gas. Renters with their heat available as part of the monthly rent are also eligible.

A total of 2,183 families in Oxford County received benefits last year; 68% of these recipients were families of the elderly. Eligibility for home energy assistance is based on total family income. Maximum income guidelines for regular applicants as well as priority families are as follows [X=Number in Family (Household)]:

	Regular Applicants	Priority Applicants
X 1	\$1,519 \$ 6,075	\$1,823 \$ 7,290
2	2,044 8,175	2,453 9,810
3	2,569 10,275	3,083 12,330
4	3,094 12,375	3,713 14,850
5	3,619 14,475	4,343 17,370
6	4,144 16,575	4,973 19,890
7	4,669 18,675	5,603 22,410
8	5,194 20,775	6,233 24,930

Families not qualifying as priority recipients should submit applications beginning Nov. 21. All applications will be processed on a first come first served basis. The application period will be closed March 31, 1984.

HEAP benefits are not available for the purchase of food, clothing, blankets and other types of assistance. Those qualifying for assistance should apply at the location nearest to their home on the day and time indicated below:

LEGISLATIVE CANDIDATE TO BE HONORED AT SEVERAL RECEPTIONS DURING WEEK

Jeff Mills, candidate for State Representative from District 63, will be honored at several receptions during the coming week, at which interested voters may meet and talk with him. On Saturday, Oct. 29, Pam and David Berry will host a coffee at their home on the Wentzell Road in Andover from 9:30 to 11 in the morning.

The Hanover Jeff Mills Committee will sponsor a reception at the home of Herbert Adams on Sunday, Oct. 30, from 6:30 until 8 in the evening. Lorraine Cyr will assist with the arrangements.

Jeff Mills will be the speaker at the Andover Senior Citizens annual Thanksgiving Dinner, set for Thursday, Oct. 27, at the Andover Town Hall at noon.

On Wednesday, Nov. 2, Betsy Fisher will open her home in Andover from 6:30 until 8 in the evening to welcome those who would like to meet Jeff Mills. She will be assisted by Betsy Mixer and Florence Michaud.

HALLOWEEN CAUTION URGED

Parents of children and motorists should be extra alert to insure child and pedestrian safety during Halloween.

"Motorists are encouraged to drive with caution in neighborhoods where youngsters in colored costumes may be rushing from yards and driveways," said Col. Allan H. Weeks, State Police chief.

Although some parents may be accompanying their children, other youngsters will be alone. Thus, in the excitement of the evening, unescorted children are likely to forget caution in crossing roads and walking along roadways.

For safety bright yellow, orange or white costumes should be selected. Recommended are costumes made of reflective material, or making a design with reflectorized tape. Also, children should carry a flashlight to light their way and to provide better visibility to motorists.

With visibility greatly reduced

BETHEL TOWN OFFICE

continued from Page One

Interest rates would also decrease, saving taxpayers about \$10,000 (about 1/2 mill) at current banking rates.

How it would work. Allowing for a transition period, the following outlines the major events of the new plan: 1. Nov. 1, 1983—Special Town Meeting to legislate accounting year change and semi-annual tax billing; 2. March 1984—Annual Town Meeting to elect municipal officers and enact six month transitional budget; 3. April 1984—Tax bill for six month transitional budget due; 4. June 1984—Town Meeting to enact a 12 month budget for year ending June 30, 1985; 5. July 1984—Tax bills mailed for new fiscal year; 6. Aug. 15, 1984—One half of tax amount due; 7. Jan. 1985—Tax notices for second half of new fiscal year sent; 8. Feb. 15, 1985—Balance of tax amount due; 9. June 1985—Annual Town Meeting to elect municipal officers and enact a 12 month budget year ending June 30, 1986.

Advantages: Briefly stated, changing the fiscal year from the present calendar year to July 1 to June 30 and adding semi-annual tax billing and tax club is both cost effective and better management. In addition to the reasons above, a financial plan would be set before the fiscal year begins and better financial decisions can be made at Town Meeting.

This time of year by earlier darkness and possible rain, the state police advise motorists to make sure their windshield wipers are functioning properly, and to drive carefully where costumed children may be walking or running along the roadway.

The state police chief encourages parents not to let their children eat any of their treats until they arrive home, at which time an adult can closely examine all collected goodies. Unwrapped candy should be discarded, and fruit should be examined to see if it has been altered in any way.
